

# Trying

Julian Marley

I'm trying, can't you overstand?  
I'm trying, to be a better man  
Trying, can't you overstand?  
Creation is all in our hands (eey)  
You could try if you want to  
We will make it some day  
Never you accept failure  
Said bitty doesn't pay  
We trying, can't you overstand?  
I'm trying, to be a better man.  
Trying can't you overstand?  
Creation is all our hands (eey)  
Everyday people are slaved  
Standards of living has decayed  
dout even want to be called out  
so much more  
I'm trying, can't you overstand?  
Revelation is all in our hands.  
I'm trying can't you over-sta-a-and  
Put away all distracitons  
Then step from troudu open gate  
In African choises  
You've got to keep a little fate.  
Keep on trying,  
keep on trying,  
keep on trying,  
keep on trying,  
keep on trying  
keep on trying
