

# I Got You (feat. Jovi Rockwell)

Shaggy

Up in the Swiss looking fly with a friend of mine  
Smile on my face, so sweet like a cinnamon  
Boys wanna spend something like Mr. Benjamin  
And me? What do I want? We get on busy! I bet you're one real gentleman  
That you want me to be your girlfriend  
You say just want to be my friend,  
Though you know you wanna (uhm)  
Step into the dance, spot on my residence  
Take your?? on me like you're a president  
For I see, follow me 'cause I represent the  
Girls and boys wanna fun, yes
