

# Star In Your Own Life

Nia Sioux

Getting ready in the mirror  
Today will be epic  
Gotta live the way you wanna  
So you don't regret it Life is a book and you write it  
Your happiness is on you  
No matter what just keep at it  
And push through 'Cuz your fearless, flawless  
You got this  
So go do it, do it  
Aye, get to it, to it  
Aye  
Whoever you choose to be own it  
It's your drum and it's your beat  
Show it off for the world to see  
Be a star in your own life  
Be a star in your own life  
You are a star in your own life Everybody has a dream that  
They need to follow  
All you got to do is believe  
The world is ours 'Cuz life is a book and you write it  
Your happiness is on you  
No matter what just keep at it  
And push through  
'Cuz your fearless, flawless  
You got this  
So go do it, do it  
Aye, get to it, to it  
Aye Whoever you choose to be own it  
It's your drum and it's your beat  
Show it off for the world to see  
Be a star in your own life  
Be a star in your own life  
You are a star in your own life If life is a runway, walk it out  
Don't-don't be afraid to put it down  
If life is a dance, you better own it  
Never have no fear, don't ever show it  
'Cuz we all got that thing that really makes us shine  
And who you are is just fine Whoever you choose to be own it  
It's your drum and it's your beat  
Show it off for the world to see  
Be a star in your own life  
Be a star in your own life

You are a star in your own life
