

# Speechless (feat. Erika Sirola) [Extended Mix]

[Robin Schulz](#)

I remember how it all started  
[?] till the summer was over  
And I didn't [?], it felt so big then  
We're only reaching stars  
And I am a big black star  
And you said to me If you love me, then say you love me  
And you are mine  
Hey come on darling, stop the hiding  
Speak your mind Woah, I loved you  
But you left me speechless then  
Say if you love me, then say you love me  
And you are mine  
I remember how it all started  
[?] till the summer was over  
And I didn't [?], it felt so big then  
We're only reaching stars  
And I am a big black star  
And you said to me If you love me, then say you love me  
And you are mine  
Hey come on darling, stop the hiding  
Speak your mind Woah, I loved you  
But you left me speechless then  
Say if you love me, then say you love me  
And you are mine You left me speechless  
Speechless  
You left me speechless  
You left me speechless  
Speechless  
You left me speechless  
Speechless So if you love me, then say you love me  
And you are mine  
Hey come on darling  
Speechless
