

# Peg

## Steely Dan

I've seen your picture  
Your name in lights above it  
This is your big debut  
It's like a dream come true  
So won't you smile for the camera?  
I know they're gonna love it  
Peg I like your pin shot  
I keep it with your letter  
Done up in blueprint blue  
It sure looks good on you  
And when you smile for the camera  
I know I'll love you better  
Peg  
Will come back to you  
Peg  
Will come back to you  
Then the shutter falls (shutter falls)  
You see it all in 3-D  
(foreign movie)  
It's your favorite foreign movie I like your pin shot  
I keep it with your letter  
Done up in blueprint blue  
It sure looks good on you  
And when you smile for the camera  
I know I'll love you better  
Peg  
Will come back to you  
Peg  
Will come back to you  
Then the shutter falls (shutter falls)  
You see it all in 3-D  
(foreign movie)  
It's your favorite foreign movie Peg  
It will come back to you  
Peg  
Will come back to you  
Then the shutter falls (shutter falls)  
You see it all in 3-D  
(foreign movie)  
It's your favorite foreign movie Peg  
It will come back to you
