

# Mr. Nice Watch (feat. JAY-Z)

J. Cole

Yeah, everybody got a bad side  
Drop, let me see that shit  
What you say Cole ain't hot? What!  
Where you read that shit?  
You believe that shit?  
All cause some lame nigga tweet that shit  
Have you seen my shows, have you seen my hoes?  
If I wasn't hot would they be so thick?  
Guess not, got the game in a headlock  
I'm blasting at, I'm laughing at you old niggas, Redd Foxx  
Don't mind me boy, I'm red hot  
Umm nigga, they not,  
I'm over here, I'm over there  
I'm everywhere they not  
(I said)  
You'll never play me, nice try  
Ballin' in the night spot  
No more Mr Nice guy, hello Mr Nice watch  
You don't want no problems, put yourself in a tight spot so  
You can look but don't touch  
I'll stay on my toes like them White Sox  
Cause it cost me a lot  
My chain and my watch  
They say time is money, but really it's not  
If we ever go broke girl, than time is all we got  
And you can't make that back, no you can make that back so  
Lets ball while we here  
Lets ball while we here  
Like ain't no tomorrow, like ain't no next year  
Drink away all our problems, make it rain with no care  
Like I'll make that back, fuck it I'll make that back  
GoNice watch  
Nice watch (I know)  
Nice watch  
No more Mr Nice Guy, hello Mr Nice Watch  
Stack on black, I ain't never been a high roller  
Now its racks on racks  
Never thought that I would ride Rover  
But I'm back on track, add to the fact that I never really drive sober  
Cole World but I'm hot as shit  
Do that mean that I'm Bi-polar?  
Young black and gifted, I rap like it's Christmas eve

Coach wouldn't let him off the bench, no wonder why they quit the team  
But, I'm cut from a different sleeve  
Cole World so the wrist'll freeze  
Hurry up with your pictures please  
I gotta make history It cost me a lot, my chain and my watch  
They say time is money, but really it's not  
If we ever go broke girl, than time is all we got  
And you can't make that back, no you can't make that back so  
Lets ball while we here  
Lets ball while we here  
Like ain't no tomorrow, like ain't no next year  
Drink away all our problems, make it rain with no care  
Like I'll make that back, fuck it I'll make that back  
Go Nice watch  
Nice watch (I know)  
Nice watch  
No more Mr Nice Guy, hello Mr Nice Watch I got a Hublot I call it Tebow  
I strap that bitch with a Gator band  
Y'all niggas ball half time ya'll niggas like the gator band  
Y'all niggas need a timeout, who got these niggas all wind up  
Cocksucka I'm 7.30, y'all know where you'll niggas gon wind up  
No more Mr Nice Guy, hello Mr Nice Watch  
Only but a matter of time 'fore I hit ya'll niggas with the nice shot  
Y'all niggas, better not call the law  
Get no blood on my Audemar  
Meaning ya'll better not waste my time  
When y'all ready I'll take you all to war  
Meanwhile I'm just chopping off doors  
Put the front on the back cause I'm back and forth  
Put the front on the back of the 'bach like a boss  
So I fronting on niggas when I'm backing off  
Uh, what up Cole, show time  
Let these niggas know  
Adjust ya Roley's on these muthafucking hoes  
Whenever you ready, go! It cost me a lot, my chain and my watch  
If we ever go broke, girl, then time is all we got  
(Oh yeah, oh yeah)
