

Fast In My Car

Paramore

Been through the wringer a couple times
I came out callous and cruel
And my two friends know this very well
Because they went through it too
The three of us were initiates
We had to learn how to deal
And when we spotted a second chance
We had to learn how to steal
Hollowed, out and
Filled up, with hate
All we, wanted, was you to give us a break
We're driving fast in my car
We've got our Riot gear on but we just want to have fun
No we're not looking for violence
Oh oh, tonight we want to have fun
...
No one's the same as they used to be
Much as we try to pretend
No ones as innocent as could be
We all fall short, we all sin
But now we aren't looking backward
We won't try raising the dead
We only see whats in front of us
We only see straight ahead
Hollowed, out and
Filled up, with hate
All we, wanted, was you to give us a break
We're driving fast in my car
We've got our Riot gear on but we just want to have fun
No we're not looking for violence
Oh oh, tonight we want to have fun
...
Get in my car and we'll drive around
We'll make believe we are free
Already proved we can tough it out
And we get along so smoothly
We're driving fast in my car
We've got our Riot gear on but we just want to have fun
No we're not looking for violence
Oh oh, tonight we want to have fun
...
We're driving fast in my car
We're driving fast in my car
No we're not looking for violence
Oh we're driving fast in my car
And we just want to have fun
