

Sorry

Joe Jonas

It can be a rush, yeah, it's like a drug
When you give up love it's never worth it
When you're fighting fear, it can be so clear
What you really need is each other
But i finally found the truth: I was using you
Every night you're gone I swear it hurts
You're the atmosphere, now you're gone I can't live
Tell me what to do, I feel the pain all over my body
Was it the things I said, can I take them back?
Baby, cause without you theres nothing left of me
We can run away, we can change our fate
Baby, what can I do to show you I'm sorry?
You were in a rush, you forgot your stuff
Said you'd had enough, now I feel worthless
The only thing I had was a second chance
What I really need is another
But I finally found the truth: I was using you
Every night you're gone I swear it hurts
You're the atmosphere, now you're gone, I can't live
Tell me what to do, I feel the pain all over my body
Was it the things I said, can i take them back?
Baby, 'cause without you theres nothing left of me
We can run away, we can change our fate
Baby, what can I do to show you I'm sorry?
I'm sorry, babe, what can I do to show you I'm
sorry?
Pulling away
Girl, my heart is out of place
I feel it killing me
I made a mistake
Girl, I promise I won't make the same mistake twice
Don't say bye
I'm sorry (repeat)
What can i do to show you I'm sorry?
Was it the things i said, baby tell me what I did
Baby, without you there's nothing left of me
Please tell me, we can run away, we can change our fate
Baby, what can I do to show you I'm sorry? (repeat)
