

Lace and Leather

Britney Spears

French finger tips, red lips, bitch is dangerous
Cotton candy kiss, can't wait for my sugar rush
I can't take it no more, I've got to have more tonight
This feeling so strong, I'm putting you on tonight
Alright
Let's go
Baby take a seat
Eyes on me, this is my show
Your one and only pleasure
All decked in lace and leather
Fantasy, courtesy of me
Baby let's go
Watch me apply the pleasure
All decked in lace and leather
Heels six inch makes a boy wanna bite his lip
Look but don't touch unless you wanna lose your innocence
I can't take it no more, I've got to have more tonight
This feeling so strong, I'm putting you on tonight
Let's go
Baby take a seat
Eyes on me, this is my show
Your one and only pleasure
All decked in lace and leather
Fantasy, courtesy of me
Baby let's go
Watch me apply the pleasure
All decked in lace and leather
Leather
Baby take a seat
Eyes on me, this is my show
Your one and only pleasure
All decked in lace and leather
Fantasy, courtesy of me
Baby let's go
Watch me apply the pleasure
All decked in lace and leather
Baby take a seat
Eyes on me, this is my show
Your one and only pleasure
All decked in lace and leather
Fantasy, courtesy of me
Baby let's go
Watch me apply the pleasure
All decked in lace and leather
