

# Haunted

[Eric Roberson](#)

I had a girl and I wanted to love her  
But love wasn't a word that I threw around  
So all of my feelings I kept to myself  
Knowing my silence was letting her down I'm haunted by that day  
When a scared young man  
Pushed her away  
And I have a steep hill to climb  
I just hope I can win her back in time  
Learning to listen I thought that I did  
I'm facing the truth as hard as it is  
She may be gone and there's  
No one to blame  
My lame excuses can run with the pain I'm haunted by that day  
When a scared young man pushed her away  
And I have a small plan in mind  
I just hope I can win her back in time  
I guess I will work on just being a better guy  
So she can see I have matured  
But until she walks to that door  
I close my eyes and dream of her more .
