

# Love On the Radio

## The Walls Group

Let's Go! 1.2.3.

Let's Go! 1.2.3. We aint got to take our clothes off  
For that number one spot and lose my spot with you.

Yeah!

I've been about that life

Now I want to hear something new

Tell me what you're drinking, whatever your drinking

Soon you'll thirst again

Let me tell you about my friend, he is pleasure to the end.

Hey! Hey!

If life was a song and you feel out of key

Then play this one for me. Oooo!

If I talk about Jesus,

Can I get some love on the radio

I know it's not easy, but Mr.DJ please I gotta let the world know!

I just wanna help

Help you love again

Wanna make you smile

Change the way you live

And talk about Jesus

So can I get some love on the radio. Let's Go! 1.2.3.

Say his name

Say his name

And not when you're troubled

Don't feel like no one loves you

But every single day

What else can I say

To help you realize

The pain will soon pass away

He's able!

And like an old school song, it's gonna be a brighter day, yeah!

DJ let that record play

And help me say. Can I get some love on the radio

I know it's not easy, but Mr.DJ please I gotta let the world know!

I just wanna help

Help you love again

Wanna make you smile

Change the way you live

And talk about Jesus

So can I get some love on the radio.

I just wanna help

Help you love again

Wanna make you smile  
Change the way you live  
And talk about Jesus
