

# I Wanna Be Down

## Brandy

I would like to get to know if I could be  
The kind of girl you that you could be down for  
Cuz when I look at you I feel something tell me  
That your the kind of guy that I should make a move on  
And if I don't let you know  
Then I won't be for real  
I could be wrong but I feel like something could be going on  
The more I see you the more that it becomes so true  
There ain't no other for me it's only you  
I wanna be down  
With what you're going through  
I wanna be down  
I wanna be down with you  
No matter what time of day or night it's true  
I wanna be down  
I know anybody's gonna be lonely  
Without the reason they got someone to care for  
Maybe all you need's a shoulder to cry on  
If that's a fact than I'll be more than you ever could dream of  
If all you need is the time that I got plenty of  
I'll dedicate all my love until you call baby  
I wanna stay by your side  
Be there to call you up  
And let you know everything will be all right I wanna be down  
With what you're going through  
I wanna be down  
I wanna be down with you  
No matter what time of day or night it's true  
I wanna be down  
I wanna be down  
With what you're going through  
I wanna be down  
I wanna be down with you  
No matter what time of day or night it's true  
I wanna be down Yeah oh  
Yeah, oh I wanna be down  
With what you're going through  
I wanna be down  
I wanna be down with you  
No matter what time of day or night it's true  
I wanna be down I wanna be down  
With what you're going through

I wanna be down  
I wanna be down with you  
No matter what time of day or night it's true  
I wanna be down I wanna be down  
With what you're going through  
I wanna be down  
I wanna be down with you  
No matter what time of day or night it's true  
I wanna be down
