

Save Me

XXXTENTACION

Who do I have?
Heaven and hell my friend, my friend
I won't fit in here
Everything must endHello
From the dark side end, does anybody here wanna be my friend?
Want it all to end
Tell me when the fuck is it all gon' end?
Voices in my head telling me I'm gonna end up deadSo save me
Before I fallSo save me
I don't wanna be aloneSo save me
Before I fall
So save me
I don't wanna be alone
