

Good One Comin' on

Blackberry Smoke

2 6-packs of Shiner
99 cent butane lighter
Lucky Strikes and a fifth of Patrón
Ice down that Igloo cooler
Tank of gas, that oughta do her
I can feel a good one coming on
Throw on Ray Wiley Hubbard
Sing along to "Redneck Mother"
Any blues I had before are gone
Another working week is over
No chance of staying sober
I can feel a good one coming on
Yeah, we gonna roll all night
We gonna get the feeling right
We gonna keep this party rocking til the break of dawn
Yeah, I can feel a good one coming on
3 blondes in a ragtop Mustang
Followed us down to the lake
And didn't have to think about that too long
Skinnydipping in the bright moonlight
Situation couldn't be more right
I can feel a good one coming on
Yeah, we gonna roll all night
We gonna get the feeling right
We gonna keep this party rocking til the break of dawn
Yeah, I can feel a good one
Feels like a good one
I can feel a good one coming on
Woo
Yeah, we gonna roll all night
We gonna get the feeling right
We gonna keep this party rocking til the break of dawn
We gonna roll all night
We gonna get the feeling right
We gonna keep this party rocking til the break of dawn, yeah
I can feel a good one
Yeah, feels like a good one
I can feel a good one coming on
Yeah, ah
Yeah, it's a good one, oh yeah
