

# Long As I Live

Toni Braxton

[Verse 1]

Everybody's talking about you and her together  
How could you do that to me?  
And everybody's talking about all the wonderful things you do with her  
Like you used to with me[Pre-Chorus]  
Can't you tell by the look on my face?  
I still like you that way  
Now I can hardly remember why we ever lost ties  
But I can tell  
That I love you, and I still love you

[Chorus]

Long as I live (long as I, I can live)  
I'll never get over (you getting over me)  
It's killing me (it's killing me, killing me)  
I'll never get over (you getting over me)[Verse 2]  
If you can't be with the one you really, truly love  
Do the two step

Everybody's talking about you and her together  
How could you do that to me?  
And everybody's talking, everybody's going on about her  
Like you used to with me[Pre-Chorus]  
I can tell by the look on your face  
You really like her that way  
And now I'm trying not to lose my mind and start crying  
But I can tell

That you love her, you really love her

[Chorus]

Long as I live (long as I, I can live)  
I'll never get over (you getting over me)  
It's killing me (it's killing me, killing me)  
I'll never get over (you getting over me)  
Long as I live (long as I, I can live)  
I'll never get over (you getting over me)  
It's killing me (it's killing me, killing me)  
I'll never get over (you getting over me)[Bridge]

If you can't be with the one you love

It's okay

Cause if you can't be with the one you really, truly love

Do a two step[Chorus]

Long as I live (long as I, I can live)  
I'll never get over (you getting over me)  
It's killing me (it's killing me, killing me)

I'll never get over (you getting over me)  
Long as I live (long as I, I can live)  
I'll never get over (you getting over me)  
It's killing me (it's killing me, killing me)  
I'll never get over (you getting over me)[Outro]  
If you can't be with the one you really, truly love
