

Good Times

Manic Drive

Back in the day when life was easy
All I needed was friends and a TV
I was young and I never worried
A suburb kid in the 1990s
Trusted You and I always believed
Always knew You'd be right there for me
Just a kid with a little faith
Only the thought of You makes me feel this way You got me smiling
Like I'm a child again
Like I am back in grade school
You got me feeling brand new
Yeah just the thought of You
Reminds me of the good times
Grass stained blue jeans
Hyper with ADHD
Back when my life was free
Reminds me of the good times Making ruckus like I do in the schoolyard
Compared to then this life seems so hard
No need to dress to impress
I was happy back then to look like a mess and
Ride teenage mutant skateboards
Rocking my fanny pack of marbles
Yeah I know when all this ends
I'll look you in the eyes and be young again
You got me smiling
Like I'm a child again Like I am back in grade school
You got me feeling brand new
Yeah just the thought of You
Reminds me of the good times
Grass stained blue jeans
Hyper with ADHD
Back when my life was free
Reminds me of the good times Like I am back in grade school
You got me feeling brand new
Yeah just the thought of You
Reminds me of the good times
Grass stained blue jeans
Hyper with ADHD
Back when my life was free
Reminds me of the good times Like I am back in grade school
You got me feeling brand new
Yeah just the thought of You

Reminds me of the good times
Grass stained blue jeans
Hyper with ADHD
Back when my life was free
Reminds me of the good times Like I am back in grade school
You got me feeling brand new
Yeah just the thought of You
Reminds me of the good times
Grass stained blue jeans
Hyper with ADHD
Back when my life was free
Reminds me of the good times.
