

Shorty Be Mine

Pretty Ricky

You hit me up on yo cell phone
You qo girl with your thon, thon, thon, thongz
Sexy black come over here
And let me put a few love buzzes in your ear You smiled at me (girl you so fly)
Shorty you never had a thug like i (a thuq like i...) Say shorty would you be mine (would you be mine)
Say would you be mine (say would you be mine)
Shorty would you be mine...
Say would you be mine (would you be mine)
Say would you be mine (say would you be mine)
Shorty would you be mine...
Say shorty would you be mine (would you be mine)
Say would you be mine (say would you be mine)
Shorty would you be mine...
Say would you be mine (would you be mine)
Say would you be mine (say would you be mine)
Shorty would you be mine... I'm like shorty would you be mine (shorty would you be mine)
Think about you all the tyme
You on my speed-dial
Dont answer da phone and i'll be damned if i hit redial
(can you hear me now) qood
4rm da 1st time i called i know you understood
But do you comprehend girl, keep with the plan
I'm like one hour, compared 2 a minute man
I'm everlasting, I want longevity
Under pretty ricky, babe it's where you need to be
Say shorty would you be mine (would you be mine)
Say would you be mine (say would you be mine)
Shorty would you be mine...
Say would you be mine (would you be mine)
Say would you be mine (say would you be mine)
Shorty would you be mine... Say shorty would you be mine (would you be mine)
Say would you be mine (say would you be mine)
Shorty would you be mine...
Say would you be mine (would you be mine)
Say would you be mine (say would you be mine)
Shorty would you be mine... I know you're younq but you're ready (i know you're younq but you're ready)
See we can bump and grind like r. kelly (we can bump and qrind lyke r. kelly)
Baby we aint qotta fuss and fight (we aint qotta fuss and fight-)
Letz take our tyme and do it right
We qon' make love tonight I'm like a love roller coaster

Flip you over, make you scream my real name
Aladiamond blue smith when you feel da pain
Aint runnin' game, dat aint my territory
As remi martin "wutz da real true story"
When i push, pull me closer
Let me put diz thanq on ya
Lyke your luvver wuz suppose 'ta
I'm da one you need qurl
Gurl let me show ya
I turn you to a woman from a child
I'm yo destiny
Baby i'm a soulja We qon' brake it down
We qon' brake it down Shorty, shorty say would you be mine
(shawty, shawty would you be mine, shawty would you be mine)
Shorty, shorty say would you be mine (shawty, yea, shawty would you be) I'm not qon' leave ya
I'm not a cheater, a heart-breaker and deceiver
I wanna be witcha
Now shawty would you be mine
Thru hard times
Easter, christmas, thanksgiving, even valentines
4 ever, today and beyond
Baby whats wrong
Aint nothing wrong with slow grindin' 2 a slow song
Now give me my neck bone
You feelinq so tender, let me place some of this teddy penda
Whats on my agenda
Putting ice on your ring finger, yea Say shorty would you be mine (would you be mine)
Say would you be mine (say would you be mine)
Shorty would you be mine...
Say would you be mine (would you be mine)
Say would you be mine (say would you be mine)
Shorty would you be mine... Say shorty would you be mine (would you be mine)
Say would you be mine (say would you be mine)
Shorty would you be mine...
Say would you be mine (would you be mine)
Say would you be mine (say would you be mine)
Shorty would you be mine...
