

Time Is All Around

Regina Spektor

You step on all my parts
And then you walk right out the door
And I know that your
Love ain't never
Comin' back no more Time is all around
Except inside my clock
Everybody's
Waiting for their
Lover to unlock Leaves become most beautiful when they're about to die
When they're about to fall from trees
When they're about to dry
Up
Time is all around
Time is all a
Round I hallucinate
A cat between my feet
I'm stepping lightly so as not to
Hurt
It
Everybody wants
To say that you have changed
Of course you've changed, you've changed, you've changed
Your mind's been rearranged But leaves become most beautiful when they're about to die
When they're about to fall from trees
When they're about to dry
Up
Leaves become most beautiful when they're about to die
When they're about to fall from trees
When they're about to dry
Up Why am I supposed to love if I don't want to love?
Why am I supposed to
I'm so tired
Why am I supposed to love if I don't want to?
I don't want
I don't want to
I don't want Leaves become most beautiful when they're about to die
When they're about to fall from trees
When they're about to dry
Up Leaves become most beautiful when they're about to die
When they're about to fall from trees
When they're about to dry
Up
