

# Title Holder

## The Interrupters

Fight like a title holder  
Stand like a champion  
Live like a warrior  
And never let 'em break you down Fight like a title holder  
Stand like a champion  
Live like a warrior  
And never let 'em break you down We're up against the ropes but we never choke  
When the pressure comes, we go for broke  
We've been beat up, yeah we've been knocked down  
Come back twice as hard and go round for round  
Hit 'em pound for pound, we're gonna see it through  
Not giving up, it's not what we do  
Bell rings and they're counting down  
But we won't be counted out  
You know you gotta fight like a title holder  
Stand like a champion  
Live like a warrior  
And never let 'em break you down Fight like a title holder  
Stand like a champion  
Live like a warrior  
And never let 'em break you down I've been told I can't, been told I won't  
Been told to compromise but I don't  
I've been beat up, yeah I've been knocked down  
Come back twice as hard and go round for round  
Hit 'em pound for pound, I'm gonna see it through  
Not giving up, I've been black and blue  
And all my scars remind me my worst days are behind me  
You know you gotta fight like a title holder  
Stand like a champion  
Live like a warrior  
And never let 'em break you down Fight like a title holder  
Stand like a champion  
Live like a warrior  
And never let 'em break you down Fight like a title holder  
Stand like a champion  
Live like a warrior  
And never let 'em break you down Fight like a title holder  
Stand like a champion  
Live like a warrior  
And never let 'em break you down  
Never let 'em break you down  
Never let 'em break you down
