

Solar Flare Homicide

Emmure

I see a fire in the sky
Lights go out I'm gonna finish what I started
And now you better pray I don't know where you are
Do you remember just like I always do?
I've been dying to remind you
There ain't gonna be a jail sentence
No more Fucking Consequence
No there will never be another sentence
I see a fire in the sky, Go out
Im gonna finish what i started
Lights go out!
And now you better pray i dont know where You are
Lights go out
Im gonna finish what i started
Lights go out
And now you better pray, i dont know where you ARE
I see fire in the sky
THIS IS FREEDOM
THERES A FIRE, IN THE, SKY!
NOW YOULL...
SUFFER!
THERES A FIRE, IN THE, SKY!
THIS IS FREEDOM
THERES A FIRE, IN THE SKY
NOW YOULL SUFFER
I see a fire in the sky, go out!
Im gonna finish what i started
Lights go out!
And now you better pray i dont know where you are
Lights go out
Im gonna finish what i started
Lights go out
And now you better pray i dont know where you are
