

Ruin the Friendship

Demi Lovato

Put down your cigar and pick me up (pick me up)
Play me your guitar, that song I love (song I love)
Thirsty for your love, fill up my cup (up my cup)
I got only good intentions, so give me your attention You're only brave in the moonlight
So why don't you stay till sunrise? Your body's looking good tonight
I'm thinking we should cross the line
Let's ruin the friendship, let's ruin the friendship
Do all the things on our minds
What's taking us all this time
Let's ruin the friendship, let's ruin the friendship
Baby, you and I got history (history)
And we can't deny our chemistry (chemistry)
So why the fuck are we a mystery? (Mystery)
Let's just go with the connection, give me your affection You're only brave in the moonlight
So why don't you stay till sunrise? Your body's looking good tonight
I'm thinking we should cross the line
Let's ruin the friendship, let's ruin the friendship
Do all the things on our minds
What's taking us all this time
Let's ruin the friendship, let's ruin the friendship No, I can't keep denying every minute I think
of you
No, I can't keep denying every minute I think of you
No, I can't keep denying every minute I think of you
No, I can't keep denying every minute I think of you
Your body's looking good tonight
I'm thinking we should cross the line
Let's ruin the friendship, let's ruin the friendship
Do all the things on our minds
What's taking us all this time
Let's ruin the friendship, let's ruin the friendship
