

Finger Twist & Split

Cute Is What We Aim For

Eyeliner and a famous designer brand
Your mind is a moment to be stamped
Expressed it tried and true
Just look, look at you
Pretty and perfect
Due to your steady hand (your steady hand)
Apply that lip-gloss like it's your job
You know you're his heart-throb You wanna know what you got
I got a plan we can't get caught
There's no chance in hell we'll stop
No no no no no, I think not Pinching with a moment so tight
Undone and looking just right
No not tonight, no not tonight
A smeared kiss
A moment missed
Are you upset with it? You wanna know what you got
I got a plan we can't get caught
There's no chance in hell we'll stop
No no no no no, I think not Body language is something that you learn
And you just can't get taught
We'll never get caught
Body language is something that you feel
It's just too real to be concealed
Body language is something that you learn
And you just can't get taught
We'll never get caught
You wanna know what you got
I got a plan we can't get caught
There's no chance in hell we'll stop
No no no no no, I think not You wanna know, you wanna know
When you find out what you really got
With that information that I gave you
You wanna know, you wanna know
You you you you you But I'm not telling
