Grandaddy

Don't change your name keep it the same For fear I may lose you again I know you wont its just that I am unorganised And I want to find you when something good happens If you come down we'll go to town I haven't been there for years But I'd be fine wasting our time Not doing anything here Just doing nothing We'll sit for days talk about things Important to us like whatever Well defuse bombs walk marathons And take on whatever together
