

# Dragonfly

## Shaman's Harvest

Maybe the sky's falling down around the babies  
Maybe the world is gonna spin out of control  
I don't care anymore.

What if I quit today workin' for the man  
And said I've had enough, well maybe I can  
It's all gonna end anyway.

Tell me doctor, whats the cure for the wicked man's blues?Fly Dragonfly

Fly Dragonfly

Fly Dragonfly

When the sky, falls to the sea

I won't mind

The cause in me

When the wind blows through the treesI won't cry for dragonfly.

Fly DragonflyFly Dragonfly.

When I come

Get me a piece

Take my adviceJust let me be.

When the moon

turns black as nightWe'll bathe in the fires

Of Dragonfly.

Fly Dragonfly.

Don't take so long

I'll be there before you know

I See you in my minds' eye.

Fly dragonfly

Fly Dragonfly

Fly Dragonfly

Fly, Dragonfly.
