

She's Mine, Pt. 2

J. Cole

Catch me

Catch me, I'm falling in love for the first time

For you I drop the tough guy shit

On this bus I sit Thinking bout you

Thinking bout you

Thinking bout you

Thinking bout you

Thinking bout you

Thinking bout you

Thinking bout you

Thinking bout you

Damn it feel good to have you

Damn it feel good to have you

Damn it feel good to have you

Damn it feel good to have you

Needin' me, wantin' me, givin' me a chance to feel special to somebody in a world where they
not lovin' me

Handcuffs keep huggin the, wrists of my niggas

And I wish stuff was different here

But if I had a magic wand to make the evil dissappear

That means that there would be no Santa Claus no more

To bring you Christmas cheer

'Cause what he represents is really greed and the need

To purchase shit from corporations that make a killin'

Because they feed on the wallets of the poor

Who be knockin' on they door, every Black Friday

Just to get some shit they can't afford

Even with the discount, write a check, that shit bounce

But as long as we got credit, it don't matter, the amount

We just swipin' shit here, we don't love, we just likin' shit here

What's that smell, where's your diaper shit here

Lay on your back, don't pee right now or else I'll have to get you back

One day when you gon' want to get your way

Yeah I'll have fun with that

Reminisce when you came out the womb

Tears of joy I think filled up the room

You are now the reason that I fight

I ain't never did nothing thats right in my whole life

Got me thinking...

Am I worthy of this gift

Am I strong enough to lift, into a place that I can see

Someone more important than me?

Am I worthy of this gift?
Am I strong enough to lift, into a place that I can see
Someone more important than me?
Am I worthy of this gift? People ask me how I did this shit
I'm gon' do a humble stunt act like I meant this shit
That's the ego taking credit for what God made
Fuck this album shit hey mama look what God made
She's mine
Catch me
Don't you, catch me
Don't you, catch me, I've fallen in love for the first time
I wanna cry, and I ain't even tryna fight it
Don't wanna die, cause now your here
And I just wanna be right by your side
On any night that you be cryin' baby
I dry your eyes, I dry your eyes There is a God
It is a God
Yeah, it is a God
I never felt so alive
I never felt so alive
I never felt so alive
I never felt so alive
Catch me, don't you
Catch me, don't you
I've fallen in love for the first time
