

Stay Low

Ryn Weaver

Let the night come
Dim the lights home
Whisky lemon
Let the time goWay slow
Let the records lay low
Like the sun goes way low
Lay me down
Now lay low, ohStay low
Stay low
Stay low
Stay low
Stay low
Slow day but I pass the time
Coffee and a half a pack
Said I'm thinking about you and I
Took a while but you hittin' me back
And you know
I get so sick of the telephone
I cry and you cry
And then I thank you
Tell me if your day was rough
And then you let me make it right
King size, passenger size
Let's rideStay low
Stay low
Stay low
Stay low
Let the night come
Dim the lights home
Whisky lemon
Let the time goWay slow
Let the records lay low
Like the sun goes way low
Lay me down, now
Lay lowStay low
Stay low
Stay low
Stay low
Stay lowSlow day but I pass the time
Coffee and a half a pack
Said I'm thinking about you and I
Took a while but you hittin' me back

And you know
And you know
And you know Stay low
