

Nothing's That Great

Julia Nunes

Have you ever gone back
to the things you used to love?
Old shoes, old friends, old band, old trends.
It hurts when you discover that Nothing's that great.
You had bad taste
and it's much too late
to get back the time you wasted. Teenage boys out having fun
trying to pass for 21.
I sit back and wonder what it's like 'cause everyone I know is broken
or broke or both,
and I'm sick of seeing things not turn out right.
Because
Nothing's that great.
You had bad taste
and it's much too late
to get back the time you wasted.
yeaaaaah yeaaaaah yeah And the who's who of the fuck you said I said
when I was young I thought I had grown,
becoming mature, but now I am sure
that I'm as dumb as I ever was.
And I know this because Tender hands and a smile
does not a mother make.
The years she spends teach-ing you common sense
is what it takes.
Nothing's that great.
You had bad taste
and it's much too late
to get back the time you wasted.
yeaaaaah yeaaaaah yeah
yeaaaaah yeaaaaah yeah
yeaaaaah yeaaaaah yeah
yeaaaaah yeaaaaah yeah
