

Noam Chomsky Is a Soft Revolution

Foy Vance

Carl Perkins for the rock n roll
Dr. John for the jockamo
Little Richard for a Saturday night
James Brown if you're feelin outtasight
Willie Nelson if you're feelin low
Aretha Franklin if you need some soul
Play em loud but if you're quiet and you're brooding
baby
Noam Chomsky is a soft revolution
Jean-Paul Sartre if it's all just so
Dostoyevsky if you're in the know
A bit of scripture for a little light
Baby Che Guevara for a full on bar fight
Alexander if you're feeling great
Charlie Darwin if you're thinking 'bout apes
If you're quiet and you're looking for solution
baby
Noam Chomsky is a soft revolution
Old Joe Lewis gonna wear you down
Ali Muhammad gonna do it loud
Marciano got a granite chin
Baby go get a rocket for a 147
Gotta bolt when you're feeling lighting
And that McGregor good lord he's frightenin'
If your quiet and you're sick of institution
baby
Noam Chomsky is a soft revolution
