Ryn Weaver

You cast a spell on me
I was broken by the breeze
And runnin' from the ones behind me
Just in it for the game
A wild thing to tame
But you took my hand and ran beside me I'm slippin' up under my feet
Hallelujah, believe
Hear my heart beat major keys
Nothin' competes
When love is free
My compass may be broke
But you follow where I go
And you never really seem to mind it
Sun, stare it in the eye
Now I'm blinded by the light
That seein' you with eyes wide open I'm slippin' up under my feet
Hallelujah, believe
Hear my heart beat major keys
Nothin' competes
When love is free
Not a ball or a chain, just a ball when we're together
Not a ball or a chain, just a ball when we're together
Not a ball or a chain, just a ball when we're together
Not a ball or a chain, just a ball when we're together
Not a ball or a chain, just a ball when we're together
Not a ball or a chain, just a ball, just a ball, ball When love is free
