

# Pieces On the Ground

## Patty Loveless

Mend this broken body  
In pieces on the ground  
My spirit's cracked and crumbled  
My world's been crashing down  
The weight upon my shoulders  
Got so heavy they just gave in  
'Til I could not lift my head up  
To face another day again

### CHORUS 1:

Let a ray of hope come shining  
So I may look up at the sky  
And see a glimpse of tomorrow  
Where I'm standing in the light  
Let me climb upon a hilltop  
Healing hands can touch me now  
They will mend this broken body  
In pieces on the ground  
The human heart's a fragile thing  
It shatters just like glass  
Gather up all of these splinters  
Crush them into grains of sand  
So the wind may scatter them  
Toward the angels looking down  
They will mend this broken body  
In pieces on the ground

### CHORUS 2:

Then a ray of hope came shining  
When I looked into your eyes  
I saw all of my tomorrows  
And we're standing in the light  
We are high upon a hilltop  
Healing hands touching me and  
Mending this broken body  
In pieces on the ground
