

Up N' Down

Britney Spears

Down and up and down and up and down and up and down
Down and up and down and up and down and up and down I got all tricked up and came up to
this thing
Lookin' so fire hot
A 20 out of 10
I saw you watching me, watching you on the floor
Hitting me up like, what you waiting for? It's alright to say you want it
Get inside my dirty mind
Burns like ice the way I bring it
Again and again and again all night The beat just dropped and the room got sexy
You're watching me like there's no one else around
I know you want me like kids want candy
So keep watching me go down and up and down
Down and up and down and up and down and up and down
Down and up and down and up and down and up and down All of them girls you're with are
probably hating me
But I don't care because I know it's jealousy
They see me on your lap
Like they think I'll give it up But I ain't easy, just not afraid to rush It's alright to say you want it
Get inside my dirty mind
Burns like ice the way I bring it
Again and again and again all night The beat just dropped and the room got sexy
You're watching me like there's no one else around
I know you want me like kids want candy
So keep watching me go down and up and down
Down and up and down and up and down and up and down
Down and up and down and up and down and up and down
I can almost feel my lace slipping off cuz of the bass
I can tell that's what you're trippin' on
Tripping on, t-trip-t-tripping on
I can almost feel my lace slipping off cuz of the bass.
I can tell that's what you're trippin' on,
Tripping on, t-trip-t-tripping on The beat just dropped and the room got sexy
You're watching me like there's no one else around
I know you want me like kids want candy
So keep watching me go down and up and down
The beat just dropped and the room got sexy
You're watching me like there's no one else around
I know you want me like kids want candy
So keep watching me go down and up and down
