

# Moving In Stereo

## The Cars

Life's the same, I'm moving in stereo  
Life's the same except for my shoes  
Life's the same, you're shakin' like tremolo  
Life's the same, it's all inside you It's so easy to blow up your problems  
It's so easy to play up your breakdown  
It's so easy to fly through a window  
It's so easy to fool with the sound It's so tough to get up  
It's so tough  
It's so tough to live up  
It's so tough on you Life's the same, I'm moving in stereo  
Life's the same except for my shoes  
Life's the same, you're shakin' like tremolo  
Life's the same, it's all inside you  
Life's the same, I'm moving in stereo  
Life's the same except for my shoes  
Life's the same, you're shakin' like tremolo  
Life's the same, it's all inside you
