## **Moving In Stereo**

## **The Cars**

Life's the same, I'm moving in stereo Life's the same except for my shoes Life's the same, you're shakin' like tremolo Life's the same, it's all inside youIt's so easy to blow up your problems It's so easy to play up your breakdown It's so easy to fly through a window It's so easy to fool with the soundIt's so tough to get up It's so tough It's so tough to live up It's so tough on youLife's the same, I'm moving in stereo Life's the same except for my shoes Life's the same, you're shakin' like tremolo Life's the same, it's all inside you Life's the same, I'm moving in stereo Life's the same except for my shoes Life's the same, you're shakin' like tremolo Life's the same, it's all inside you
