

Views of You (feat. Taylor Bennett)

Sofi de la Torre & Taylor Bennett

[Verse 1]

Fuck me up

Fuck me up if you want

I'm not mad at you at all, I can't front

I'm not even mad you came wearing her Cause views of you, views of you is all I want

Breathe them into my lungs

And watch you both speak in tongues [Pre-Chorus]

Don't ask me how I keep falling onto your body

Don't ask me why you keep finding your way to mine

I can't forget you is the moral of the story

Don't ask me if I wanna, I'm there every time

[Chorus]

I don't know when I'll stop loving you till there's no me

Right above you, look up, staying until you see me

I don't know when I'll stop loving you till there's no me

I'm right above you, look up (look up) I spend time

Spend my time every time

I spend time

Every time, every time yeah

I spend time

Spend my time every time

I spend time

Every time, every time yeah [Verse 2]

Hit me up

Hit me up if you want

Drop by for a deja vu if you want

I'ma be here just for you if you want

Cause views of you, views of you is all I want

Breathe them into my lungs

Until they tear me apart [Pre-Chorus]

Don't ask me how I keep falling onto your body

Don't ask me why you keep finding your way to mine

I can't forget you is the moral of the story

Don't ask me if I wanna, I'm there every time [Chorus]

I don't know when I'll stop loving you till there's no me

Right above you, look up, staying until you see me

I don't know when I'll stop loving you till there's no me

I'm right above you, look up (look up) I spend time

Spend my time every time

I spend time

Every time, every time yeah

I spend time

Spend my time every time
I spend time
Every time, every time yeah[Taylor Bennet verse][Chorus]
