Strike

Sepultura

Bored my symptoms are dead
Rarest seconds I have to rest
Time will keep my instinct to seek
And my urge will bring me revengeStrike, strike!It's never been easy to beg
Rethinking the plan reinventing a man
I had to learn it all the hard way
The vengeance strikes deep withinStrike, strike!I'm not the leader of my acts
No longer hearing my mind
I'm living a life underground
I'm so fucked!
Strike, strike!
