## All Saints

ha-ha ha-ha Laugh out loud ha-ha hahaha laugh out loud  
The day I left my mother and my  
father and my sister  
looking for a job to pay the rent and buy my dinner  
found it so-o-o bori-ing  
You see my life revolved around a longa terma lover  
Music was his name had no time for any other  
intrests This was my whole life "You can't sing  
If you want to make a living  
Stop dreaming"  
as a little girl  
I would listen to them say  
I just kept smiling oh help me sing it now  
1-2 whats a girl to do i said  
3-4 i'm gonna laugh some more c'mon  
5-6 i'm getting a stich  
You never know you'll never ever break me baby  
1-2 whats a girl to do i said  
3-4 i'm gonna laugh some more c'mon  
5-6 i'm a getting a stitch  
You never know you'll never ever break me baby  
Now times have changed, I find myself involved with another  
Stroker trynna beat the game without going under  
Slowly  
Yet i'm still go-ing  
I can't believe the way some people want to stop lovers  
Trying to take away your sense of pride must be fulfilling  
if you got no feelings  
You can't sing  
I thought i already told yo ass  
Stop dreaming  
Now get yourself back into class  
Can't you see what ever you are tryin' to acheive  
It won't change no-othing  
1-2 whats a girl to do  
3-4 i'm gonna laugh some more  
5-6 i'm getting a stich  
you never know you'll never ever break me baby  
1-2 wahts a girl to do  
3-4 i'm gonna laugh some more  
5-6 i'm getting a stich  
you never know you'll never ever break me baby  
As i laugh haha you can kiss my ass

You guys thought i live a none existant life Thats right  
You thought i might not make it on my own  
Got my own car go-car own my own home  
(haha in background)  
gotta get it back to livin my dreams  
Roles and ambitions i have to acheive  
Try to do me you can't pull me down  
So prove you wrong (wrong)  
Sing my song (song)  
When you pass i'll do a laugh  
Try bring me down (just got to laugh a little louder baby)  
I just laugh out loud (just got to laugh a little harder honey)  
You're still on the ground (your still underground)  
As i laugh out loud (can you hear me)  
1-2 whats a girl to do i said  
3-4 i'm gonna laugh some more c'mon  
5-6 i'm gettin a stich  
You never know you nevr ever break me baby  
1-2 whats a girl to do i said  
3-4 i'm gonna laugh some more c'mon  
5-6 i'm gettin a stich  
you never know you'll never ever break me baby
