

# ALL TO YOU (feat. Kiana Ledé)

## Russ

Ooh, uh, yeah  
I swear that I wanted you for all of my life, yeah  
I gave my all to you  
Ooh, uh, yeah  
I swear that I wanted you for all of my life, yeah  
I gave my all to you I just want us, girl, you know I got us  
Anything you need, my baby  
I'm not tossin', your perfection's obvious  
I need you to breathe, my baby  
Yeah, when I'm losin' it, I find my way losin' it in you  
I'm countin' down from three, and you start movin' in by two  
With open arms before I go off course  
Before the pain gets way too much, before I call off tour  
Damn, my family loves you, even though we split the time  
I'm servin' life for love, the punishment don't fit the crime  
I'm just lyin' 'cause this ain't  
Punishment, this is a suitable test now  
This ain't punishment, this is a beautiful mess  
You want me, and I am you, yeah, we got mutual stress  
You lay me down when I walk in and I let you do the rest  
Ooh, uh, yeah  
I swear that I wanted you for all of my life, yeah  
I gave my all to you  
Ooh, uh, yeah  
I swear that I wanted you for all of my life, yeah  
I gave my all to you Toe dipped in the water  
I can't let it go much deeper, baby  
Long as you can promise  
Guarantee that we won't sink, my baby, yeah  
I know I may be [?]  
I need to hear it at least a couple times  
Just love me, say you got me  
Let me hear it in the [?], baby  
Ooh, uh, yeah  
I swear that I wanted you for all of my life, yeah  
I gave my all to you  
Ooh, uh, yeah  
I swear that I wanted you for all of my life, yeah  
I gave my all to you
