I Still Believe

Lyfe Jennings

I still believe in Sunday dinners and giving thanks before you eat.

I still believe in breastfeeding babies and looking both ways before you cross the street.

I still believe in taking care of grandma and not taking her to no damn nursing home yea, and I still believe in whooping kids cause sometimes that's the only way they gonna get it.I still believe in miracles.

I still believe in magic and rainbows.

I still believe in family, the laws of gravity, and where there's a will there's a way. I still believe in santa clause, no not the man, I believe in the principle of giving back to the community, rebuilding family, make this world a better place, I still believe. I still believe in church on Sunday and praying before you go sleep.

I still believe in teaching bad examples cause kids mimmick what they see.
I still believe in homeschool, washing your hands before you go to the bathroom yea.
I still believe in prayer changes things, it's something about giving all that we need.I still believe in miracles.

I still believe in magic and rainbows.

I still believe in family, the laws of gravity, and where there's a will there's a way. I still believe in santa clause, no not the man, I believe in the principle of giving back to the community, rebuilding family, make this world a better place, I still believe.

One heart, one soul, one voice, one people united together (I still believe) One fight, one love, one world, cause nobody lives forever

We know we getting better and better, and I know that we will so why raise my voice cause I still believe yea yea

I still (I still) believe (believe) we give (we give) we trust (we trust) we love (we love)and love (and love) I still (I still)
