

Snake Charmer

Drowning Pool

My mind's tired, my body's wired
I fall back asleep, I taste like a liar
I'm being hazed, chemical chain
Life in a blaze, stepping in flame I'll never fail to disappoint you, Snake snake snake charmer,
charmer
In the wake wake wake of charmer
I'm looking for balls to break
Snake snake snake charmer, charmer
For the sake sake sake of karma
I'm taking my poison back
My heart's black, my soul's cracked
I sing for the swine, I preach to the rats
You've been so kind
You've been so blind
I cut my throat to slice
That's suicide If you beg, they'll anoint you
But I'll never fail to disappoint you Snake snake snake charmer, charmer
In the wake wake wake charmer
I'm looking for balls to break
Snake snake snake charmer, charmer
For the sake sake sake of karma
I'm taking my poison back
Snake snake snake charmer, charmer
In the wake wake wake charmer
I'm looking for balls to break
Snake snake snake charmer, charmer
For the sake sake sake of karma
I'm taking my poison back
