

# Loved By a Workin' Man

## Pistol Annies

He ain't much on roses but he'd walk a country mile  
To pick a handful of white flowers that would make his baby smile  
He won't do the dishes but he'll sweep you off your feet  
And he'll make you feel like the prettiest thing that he's ever seen()  
Cos he knows how to treat his woman  
And he knows how to make ends meet  
He'll take you for a ride in his four-wheel drive  
And he'll fix about anything  
He likes to get dirty but he cleans up good  
He drinks with his buddies but he prays when he should  
And there ain't nothing better than  
Being loved by a working man

()

He don't write love letters  
But he loves to make things right  
With a heart the size of Texas  
Two arms to hold you tight  
He won't do the laundry  
But he'll keep your car real clean  
And he'll make you feel like the prettiest thing that he's ever seen()  
Cos he knows how to treat his woman  
And he knows how to make ends meet  
He'll take you for a ride in his four-wheel drive  
And he'll fix about anything  
He likes to get dirty but he cleans up good  
He drinks with his buddies but he prays when he should  
And there ain't nothing better than  
Being loved by a working man
