

# Dance Macabre

## Ghost

You'll soon be hearing the chimes  
Close to midnight  
If I could turn back the time  
I'd make all right How could it end like this?  
There's a sting in the way you kiss me  
Something within your eyes  
Said it could be the last time  
Before it's over! Just wanna be  
I wanna be with you in the moonlight  
Just wanna be  
I wanna be with you all right  
It keeps on giving me chills  
But I know now  
I feel the closer we get  
To the last bow How could it end like this?  
But the sting in the way you kiss me  
Something within your eyes  
Said it could be the last time  
Before it's over! Just wanna be  
I wanna be with you in the moonlight  
Just wanna be  
I wanna be with you all night  
Just wanna be  
I wanna be with you one last time with me tonight  
Just wanna be  
I wanna be with you all night  
Just wanna be  
I wanna be with you in the moonlight  
Just wanna be  
I wanna be with you all night  
Just wanna be  
I wanna be with you all right  
Just wanna be  
I wanna be with you all right All right!
