

Under the Blacklight

Rilo Kiley

When you get sober
Will you get kinder?
Cause when you get uptight
It's such a drag When I get older
I won't remember -
Until that day comes
I've got something on you Under the blacklight
Out in the garden
Into the pale moon
I'll be waiting Under the blacklight
Under the blacklight
Even dead men
Lie in their coffins
It's been a long time
Since you felt better Under the blacklight
Out in the garden
Into the pale moon
I'll be waiting Under the blacklight
Out in the garden
Into the pale moon
Under the blacklight Somewhere in Laredo
Borders a soft man
Like a black widow
I'll be crawling
Under the blacklight
Out in the garden
Into the pale moon
Under the blacklight Down in the valley
Up in the dark blue
Under the blacklight
Under the blacklight
