Rape Me

Nirvana

Rape me

Rape me, my friend

Rape me

Rape me, againI'm not the only one

I'm not the only one

I'm not the only one

I'm not the only oneHate me

Do it and do it again

Waste me

Rape me, my friend

I'm not the only one

I'm not the only one

I'm not the only one

I'm not the only oneMy favorite inside source

I'll kiss your open sores

Appreciate your concern

You're gonna stink and burnRape me

Rape me, my friend

Rape me

Rape me, againI'm not the only one

I'm not the only one

I'm not the only one

I'm not the only one

Rape me!
