

Make America Great Again!

Joy Villa

Seems like we lost are way
Where did we go astray
The lies we've been told
Have put are dreams on hold
And you know if we don't watch out
We could all go under and drown
Yet the future depends on us
So we got to wake up
Got to shake up now and
Let's make America great again
We can come back twice as strong
We can still be the voice of every hungry child
Be the song of every freedom song
Yes my dear we can
Make America great again
Make America great again
Make America great againoooo the world...
Make America great again....
Make America great again....
Make America great again.... oooo the world....
Hold back the anger and hate
Let love lead the way
Take back our dignity
Let every voice rain free
Because if you know if don't watch out
We could all go under and drown
Yet the future depends on us
So we gotta wake up
Got to shake up now and
Let's make America great again
We can come back twice as strong
We can still be the voice of every hungry child
Be the song of every freedom song
Yes my dear we can
Make America great again
Make America great again
Make America great againoooo the world...
Make America great again....
Make America great again....
Make America great again.... oooo the world....
I got this feeling were gonna be
alright and will keep freedom alive yeah

We owe it to ourselves yes we do
Together will turn this word around yeah
Let's make America great again
We can come back twice as strong
We can still be the voice of every hungry child
Be the song of every freedom song
Yes, my dear we can
Make America great again
Make America great again
Make America great againoooo the world...
Make America great again....
Make America great again....
Make America great again.... oooo the world....
Make America great again
Make America great again
Make America great again
Make America great again....
Make America great again.... oooo the world....
