

# See the Light

## Green Day

Well, I crossed the river  
Fell into the sea  
Where the non-believers  
Go beyond belief Then I scratched the surface  
In the mouth of Hell  
Running out of service  
In the blood I fell Well I, I just wanna see the light  
And I, I don't wanna lose my sight  
Well I, I just wanna see the light  
And I need to know what's worth the fight I've been wasted  
Pills and alcohol  
I've been chasing  
Down the pool halls  
Then I drank the water  
From a hurricane  
And I set a fire  
Just to see the flame Well I, I just wanna see the light  
And I, I don't wanna lose my sight  
Well I, I just wanna see the light  
And I need to know what's worth the fight Well, I crossed the desert  
Reaching higher ground  
Then I pound the pavement  
To take the liars down  
But it's gone forever  
But never too late  
Where the ever after  
Is in the hands of fate  
Well I, I just wanna see the light  
And I, I don't wanna lose my sight  
Well I, I just wanna see the light  
And I need to know what's worth the fight
