

Turn Around

Enigma

Turn around and I will show you something.
Turn around and you will see.
Life is a roundabout
A kind of LSD.
Turn around, have faith in all the changes.
Turn around and you will feel.
No age of loneliness,
You are a part of me. Turn around and I will show you something.
Turn around and I will show you something.
Turn around and I will show you something.
Turn around and you will see.
Life is a roundabout,
A kind of LSD.
Turn around, have faith in all the changes.
Turn around and you will feel.
No age of loneliness,
You are a part of me. Turn, turn, turn around.
(Beyond the Invisible, The Prism of Life)
Turn, turn, turn around.
(The Child In Us, Gravity of Love)
Turn, turn, turn around.
(Morphing Thru Time)
Turn, turn, turn around.
Turn around and I will show you something.
Turn around and you will see.
Life is a roundabout,
A kind of LSD.
Turn around, have faith in all the changes.
Turn around and you will feel.
No age of loneliness,
You are part of me. (The Screen Behind the Mirror,
The Voice And The Snake,
Principles of Lust,
