

# Beautiful World

## Carolina Liar

Here it comes in the morning  
I'm just trying to forget  
Keep it real, keep it simple  
And somehow just get out of bed  
And this city is endless  
I'm as cold as it's stone  
Yeah this city is endless  
And I'm, I'm walking alone  
CHORUS  
Sunlight creeps in between the curtains  
Lose the sheets there's no time for sleep  
I lie, I pretend 'til I'm almost certain  
It's a beautiful world  
I wanna ask for direction  
But I don't dare to disturb  
I got a thing with affections  
Yeah, that's why I'm walking alone  
CHORUS  
Sunlight creeps in between the curtains  
Lose the sheets there's no time for sleep  
I lie, I pretend 'til I'm almost certain  
It's a beautiful world  
Here it comes in the morning...  
CHORUS  
Sunlight creeps in between the curtains  
Lose the sheets there's no time for sleep  
I lie, I pretend 'til I'm almost certain  
It's a beautiful world  
(Yeah, it's a beautiful world)  
la la la la  
I pretend 'til I'm almost certain  
It's a beautiful world
