

Extreme (feat. Sidnie Tipton)

Bassjackers & KSHMR

Bottle's getting low, body's getting high
In a neon lights and a pink sky
I don't even know where you been before
But I'll make it like it's your first time, your first time
Cause you've got something bright
In those dark eyes
Mess me up, just please
Don't apologize
I like it extreme, even more than you like it in your dreams
So just take me, take me to extremes
Only you know exactly what I mean
So just take me, take me
And you know that I like it
And you know, and you know, and you know
Baby take me to extremes
Only you, only you, only you know
Bottle's getting low, body's getting high
In a neon lights and a pink sky
I don't even know where you been before
But I'll make it like it's your first time, your first time
Cause you've got something bright
In those dark eyes
Mess me up just please
Don't apologize
I like it extreme even more than you like it in your dreams
So just take me, take me to extremes
Only you know exactly what I mean
So just take me, take me
And you know that I like it
And you know, and you know, and you know
Baby take me to extremes
Only you, only you, only you know
And you know that I like it
And you know, and you know, and you know
Baby take me to extremes
Only you, only you, only you know
