

# Be Okay (Glee Cast Version)

## Glee Cast

Fresh cut grass, one cold beer.  
Thank the Lord I am here and now, here and now.  
Summer dress, favorite park.  
Bless your soul, we are here and now, here and now. I'm wide awake, so what's the point of  
dreaming when your life is great?  
Celebrate the feeling, celebrate the feeling. Can't complain about much these days, I believe  
we'll be okay.  
Oh oh oh oh, oh oh oh oh.  
Can't complain about much these days, I believe we'll be okay.  
Oh oh oh oh, oh oh oh oh.  
We're screaming out, I believe we'll be okay.  
Can't complain about much these days I believe we'll be okay  
Oh oh oh oh, oh oh oh oh  
Can't complain about much these days, I believe we'll be okay.  
Oh oh oh oh, oh oh oh oh.  
Can't complain about much these days, I believe we'll be okay.  
Oh oh oh oh, oh oh oh oh.  
We're screaming out, I believe we'll be okay. We'll be okay.
