

# The Times (feat. Scolla & MOD SUN)

## Huey Mack

Yeah, one time, I'll blow your mind  
You give me one time and I'll blow your mind  
one time, I'll blow your mind  
You give me one time and I'll blow your mind  
Yeah, yeah, let's go, let's go  
Into the night where we all go crazy  
You know, you know  
It's the night when we gonna go crazy, yeah The realest said, fast 5, you know we be the livings  
of the night life  
Bad women and good weed, I must have been a g in my past life  
But right now, I'm living a lifestyle  
Where I say let's go and never ask twice now  
Bottles getting corked, no matter what the price now  
Baby I'm a sure shot, make your girls pipe down  
Baby girl I swear tonight's  
Gonna be the night you gonna remember  
For the rest of your life, your life,  
You're a scholar girl don't worry bout tomorrow  
We gonn party, let's go have us a good time yeah  
If you need something to get into  
Take a step into the party life  
I'm gonna take you for one helluva ride  
Helluva night, these are the times we're living for Hey, let's go, let's go  
Any place in the world, baby let me know  
Look I can take you there, I can take you there  
Fuck all these grets cause they don't compare  
I promise that I'm bout to change your life  
Give me one night, dim the lights, it feels right  
Do anything that you like, said he giving you the pipe  
You ain't the type that I wife, I'm playing baby I might  
I'm a young king, do you wanna be my queen?  
If I wake up next to you,  
I bet it still feel like a dream  
So let's do the unthinkable  
And take shots till we see our ashtray is full  
Then we can leave the bar baby and we can go anywhere  
Only have one life, girl I wanna see you there  
If you need something to get into  
Take a step into the party life  
I'm gonna take you for one helluva ride  
Helluva night, these are the times we're living for Ok, ok, we decided tryna function  
Ole, ole, now it's time to get it jumping

No way, no way, we ain't stoned off for nothing  
Shot, shot, shot, now we drink something  
Dress code won't ... to us, you can light it up  
If you tryna fuck  
You see the night is young and this is never getting old  
Damn right tonight, I'ma drink till I throw up, yap  
Everybody scream, we don't give a fuck  
You know, wassup, got the time of your life  
...my cup, so cheers, salute, Huey, Scolla, ModSun  
It's a helluva night If you need something to get into  
Take a step into the party life  
I'm gonna take you for one helluva ride  
Helluva night, these are the times we're living for.
